

**September 2, 2014**

**AGENDA**

**Regular Meeting** of the Hazlet Township Committee held at \_\_\_\_\_ p.m.

**Salute** to the flag and moment of silent prayer called by Mayor.

**Mayor's Statement** – Open Public Meetings Act & Emergency Fire Exits.

In Compliance with the “Open Public Meetings Act” of the State of New Jersey, adequate notice of this meeting of the Township Committee was provided in the following manner:

- (A) On January 6, 2014, advance written notice of this meeting was posted at:  
1766 Union Avenue, Hazlet, New Jersey.
- (B) On January 6, 2014, advance written notice of this meeting was forwarded to the Independent and published in the Asbury Park Press on January 8, 2014.
- (C) On January 6, 2014, copies of advance written notice of this meeting were mailed to all persons who requested and paid for such notices on or before January 1, 2014.

FIRE EXITS are located in the directions I am indicating:

Farther down at the end of the room, through the doors and down the stairs, directly out the front door.

To my right is the door, make a right down the hallway which leads to the stairs and directly out the rear of the building.

If you are alerted for fire, please move in a calm and orderly manner to the nearest exit. Finally, let the record reflect that the minutes of this meeting will accurately reflect the topics addressed during this meeting but will not be a verbatim transcript of tonight's proceedings. Thank you. I direct the Municipal Clerk to enter into the minutes of this meeting these announcements.

## RESOLUTION

WHEREAS, in the State of New Jersey 216<sup>th</sup> Legislature, A-2108 was introduced in the Assembly on January 16, 2014 and S-1041 was introduced in the Senate on January 30, 2014; and

WHEREAS, the bills introduced prohibited treatment, discharge, disposal, or storage of wastewater, wastewater solids, sludge, drill cuttings, or other byproducts from natural gas exploration or production using hydraulic fracturing; and

WHEREAS, the term hydraulic fracturing shall include fracking, hydrofracking, hydrofracturing and other colloquial terms for this drilling technique, which refer to the drilling technique of expanding fractures or creating new fractures in rock by injecting water, often with chemicals, sand, or other substances and often under pressure into or underneath the surface of the rock for the purposes including, but not necessarily limited to, well drilling and natural gas exploration and production; and

WHEREAS, the practice of the drilling technique of hydraulic fracturing for natural gas exploration and production has been found to use a variety of contaminating chemicals and materials and uses vast quantities of water mixed with chemicals and solids pumped into the process resulting in millions of gallons of contaminated water flowing back into the well causing dangers and uncertainties for wastewater treatment plants, the environment, and health and safety of the public; and

WHEREAS, wastewater, wastewater solids, sludge, drill cuttings, or other byproducts from the fracking process have been known to contain toxic levels of contaminants such as benzene, naphthalene, toluene, formaldehyde, diesel, cadmium, mercury, arsenic and unknown quantities of hundreds of other undisclosed carcinogenic and endocrine disrupting chemicals, heavy metals and radioactive materials; and

WHEREAS, Pennsylvania's Department of Environmental Protection has documented three facilities in New Jersey as accepting waste from hydraulic fracturing operations, posing a direct threat to New Jersey's drinking water; and

WHEREAS, the treatment, discharge, disposal or storage of fracking waste pose a threat to New Jersey's air, land, aquifers and surface waters through the risk of spills and accidents, open pit storage, truck transport on roadways and severe weather events that cause flooding; and

WHEREAS, fracking is exempt from important regulations meant to protect public health and the environment, specifically section of the Clean Air Act, Clean Water Act, Safe Drinking Water Act, Resource Conservation and Recovery Act, Superfund and National Environmental Policy Act; and

WHEREAS, no federal or state standards have been adopted governing the treatment and disposal of hydraulic fracturing waste.

NOW, THEREFORE BE IT RESOLVED that the Mayor and Township Committee of Hazlet Township do hereby support a statewide ban on the treatment, discharge, disposal, or storage of wastewater, wastewater solids, sludge, drill cuttings, or other byproducts from natural gas exploration or production using hydraulic fracturing; and

BE IT FURTHER RESOLVED that certified copies of this signed resolution be forwarded to all Monmouth County Mayors, the Board of Chosen Freeholders, Hazlet's State and U.S. Legislators and the office of the Governor.

WHEREAS, New Jersey is home to a rich diversity of wildlife and ecologically significant natural communities; and

WHEREAS, New Jersey's wildlife and wild places are under threat from development, fragmentation, invasive species and the impacts of people; and

WHEREAS, the population of mammals, birds, invertebrates, fish, reptiles and amphibians that live in and migrate through New Jersey find themselves clinging to smaller and smaller pieces of wild clean lands and aquatic habitats; and

WHEREAS, it is more cost effective to prevent species from becoming imperiled than it is to recover them once their populations have declined; and

WHEREAS, a naturally functioning and healthy ecosystem represents a healthy environment for New Jersey wildlife and our citizens; and

WHEREAS, the New Jersey Division of Fish and Wildlife, other state and federal agencies and many partners in conservation have worked together to develop a state Wildlife Action Plan for the benefit of biologists, wildlife experts, municipal leaders, land stewards, non-profit organizations, educators, planners, researchers, outdoor recreation enthusiasts, landowners and all the people who know the wild places of the state of New Jersey; and

WHEREAS, the residents of, and visitors of New Jersey also enjoy and benefit from New Jersey's wildlife and wild spaces.

NOW, THEREFORE, BE IT RESOLVED by the Township Committee of Hazlet Township that they take the following steps with regard to our municipal land use decisions with the intent of making Hazlet Township an ecologically sustainable community. It is our intent to include these principles in our public lands management, our environmental resources inventory and to inform the next master plan revision and update our zoning accordingly; and

BE IT FURTHER RESOLVED Hazlet Township will identify imperiled species, critical habitat and unique ecosystems in our Environmental Resource Inventory; and

BE IT FURTHER RESOLVED acknowledging that it is more cost effective to protect species than to recover species, we will protect populations of rare and imperiled species that live and breed in and migrate through the municipality and the habitats they depend upon; and

BE IT FURTHER RESOLVED that because habitat integrity is critical to healthy biodiversity we will manage publicly owned lands in accordance with wildlife management actions laid out in the New Jersey Wildlife Action Plan and will promote the management of all protected lands to promote biodiversity; and

BE IT FURTHER RESOLVED that Hazlet Township will protect wildlife habitats and maintain connectivity of habitat when formulating an open space acquisition strategy, open space stewardship plans and through the municipal master plan including planning and zoning ordinances; and

BE IT FURTHER RESOLVED that Hazlet Township will seek to minimize disturbance of critical wildlife populations and their habitats from human activities, subsidized predators and invasive species, when possible and appropriate, the Township will work with neighboring municipalities to implement the aforementioned principles across municipal boundaries; and

BE IT FURTHER RESOLVED that when possible and appropriate, the Township will strive to monitor and implement appropriate management of municipal easements to ensure native vegetation and wildlife takes precedence over invasive and/or exotic species.
