- b. 1.50 shall be applied to the number of EDCU's to calculate the number of units for I (B) above.

All rentals will be paid quarterly and shall be due within 30 (thirty) days after billing,

All rentals, as set forth on the preceding pages, pertain to the average domestic waste or its equivalent and shall be determined in accordance with the rules and regulations of the Department and of the requirements of the Local, Regional, State or Federal Environmental Protection Agencies. Additional charges, if any, shall be made in accordance with the above-stated rules and regulations and in accordance with contractual and/or regulatory requirements now in existence.

Rentals shall be payable at the time and pace set forth in the notice to the user. In the event that the charges shall not be paid as and when due, interest fees and costs shall accrue in accordance with the provisions of N.J.S.A 40:14A-22.

SCHEDULE OF CHARGES (continued)

II. CONNECTION FEES AND CHARGES

- A. The connection fee to the sewer lateral shall be \$1,904.00 per unit where street and sewer laterals are constructed by the Department.
- B. The connection fee to the street sewer shall be \$1,904.00 per unit where street sewers are constructed or owned by the Department but where no street sewer lateral exists or is constructed by the Department.
- C. The connection fee shall be \$1,904.00 per unit where street sewers and sewer laterals are constructed by a developer or owner pursuant to sub-division approval of the proper municipal authorities of the township (including a dry sewer system); and connection is made to the Department sewerage system, without cost to the Department, and the street sewer has been constructed to service the building structure upon a building lot without cost to the Department. Any building lot connected to the street sewer not originally included in the development approved plan, shall not fall within the provisions of the paragraph.
- D. The connection fee shall be \$1,904.00 per mobile home site where connection is made from a mobile home part to the sewer system of the Department.
- E. The connection fee shall be \$1,904.00 where the connection is made by a user into the sewer lines of a private sewerage utility.
- F. The connection fee shall be \$1,904.00 where the connection is made by a user into the sewer lines of the Bayshore Regional Sewerage Authority.
